

Distributed roughness under the two Baptist formulations: the same meadow, applied two ways

— Observed — Baptist 153, meadow applied — Baptist 154, meadow applied ○ Release ■ End of scored window

† this member has no 153 run with the meadow applied — that configuration aborts, so its 153 line is the manuscript member, meadow at 5.5%
‡ its 154 run carries a rocky-shore Manning of 0.05 at Marettimo, 45 km away, without which it does not integrate; the other members do not
